

NOTEBOOK CHECK INFO

- Notebook checks will be February 15th (A Day) and 16th (B Day).
- You'll want to make sure that the following are filled out for each day:
 - This Day in History*
 - Quote of the Day
 - Objective of the Day
 - Vocabulary to Know*
 - Notes of the Day
- In your Notes of the Day section should be your drawings, discussion questions, outlines, summaries, bullet points, ect. This is where I can tell if you are taking notes and doing them in a variety of ways.
- Each day you should have connected the Objectives of the Day with your notes in some way
- You should have answered the 8 Common Questions of the Holocaust that we touched on in class
- You don't need to have Day 1 in your notebook . . . you should have every other day filled out, even Day 9 when we were completing the WWII Battles assignment in the computer lab.
- If you were absent for a day you're still responsible to get what you missed in your notebook.

*Some days these parts were omitted so you don't need to worry about filling it out.
