

# America: Story of Us

## Episode 12: "Millennium"

**Directions:** Answer the question below using complete sentences and well thought out responses. Answer all parts to each question.

1. What inventions do you think have been **most important** in U.S. history and **why**?
2. What do you think have been the **five most important** events in U.S. history since WWII?
3. Many historians debate whether or not the U.S. has seen continual progress throughout its history, or if there have been moments of back-peddling or regression. How do you **define progress** in history? Do you think the U.S. has always progressed? **Discuss.**
4. If you could interview one American about our nation's past, **who** would it be, and **why**?
